Higher Secondary Certificate (H.S.C.) Taxshila School & College 06/2021 - 03/2022 Halvad	Percentage 66% / 100

SKILLS

Languages

Python	JAVA	SQL	HTML5	CSS3	JavaScript	PHP
--------	------	-----	-------	------	------------	-----

Frameworks

Django	Flask	Bootstrap	.NET Framework
--------	-------	-----------	----------------

Tools & Platforms

VS Code	IntelliJ	PyCharm	MySQL	SQLite	Git & GitHub
---------	----------	---------	-------	--------	--------------

Technical Knowledge

Basics of Networking	Basics of Cloud Computing	Linux
Cybersecurity Fundamentals	Machine Learning Basics	

CERTIFICATIONS

Code Carnival-Programming Competition Coding Competition Organized by Rao Information Tech Pvt. Ltd
Hardware Workshop Organized by T.N. Rao College - Rajkot
Crash Course on Python Coursera
Python for Data Science, AI & Development Coursera

PROJECTS

GreatKart Online Shopping System

01/2026
Developed a full-stack e-commerce web application using Django, including authentication, product management, cart, and order systems.

- Developed a smooth-functioning application, improving my practical understanding of Django's MVT architecture and database-driven web development.

Student Study Portal

10/2025
Built a student portal using Python and Django with secure login and integrated features like YouTube resources, books, dictionary, to-do list, and homework management in one platform.

- The system worked smoothly for managing study resources and tasks, enhancing my practical skills in Django, authentication, and database integration.

Online Bus Booking System

02/2025
Developed an online bus booking system in ASP.NET with user registration, bus search, seat booking, ticket management, and database integration.

- The system functioned smoothly for searching buses and booking seats, strengthening my skills in ASP.NET, database connectivity, and teamwork.

The Green Coffee Shop

10/2024
Developed a coffee shop management website using PHP and MySQL with authentication, menu, and order management features.

- The system functioned smoothly and enhanced my practical skills in PHP, MySQL, and database-driven web development.
